#### **FUN FACTS:**

The Main Building is located at the Po Leung Kuk headquarters in Causeway Bay. Built in 1932, it is the earliest building at the headquarter, and is a Grade II historical building in Hong Kong.

The two-storey establishment houses Kwan Ti Hall and Po Leung Kuk museum at the ground floor, whereas the children residence at the upper floor is a dear second home to many children.

Over the years, the Main building has been contributing to Hong Kong with the Kuk. It is a solid witness to the Kuk's history and evolution of Po Leung Kuk, as well as evolution in the society of Hong Kong.
