The Gift Book Scheme

Dear Parents,

Due to the impact of COVID-19, KGs have to suspend face-to-face classes and adopt diversified modes to help children learn at home, so as to achieve the goal of 'Suspending Classes without Suspending Learning'. Since it is not desirable for young children to use electronic screen for a long period of time, e-learning is not suitable for KG students. The school may encourage children to read at home, and design learning activities which suit the abilities and interests of children. KGs may also provide guidelines and learning materials to parents according to their needs, so as to sustain children's learning interest, facilitate them to continue to develop life skills and acquire knowledge, as well as instilling positive values. To cultivate children's reading interest and promote reading culture, the EDB will provide subsidy to support kindergartens to implement "The Gift Book Scheme". The school will purchase a printed book for each student in each of the 2020/21 and 2021/22 school year so as to cultivate their reading interests. Parent-child reading or book sharing with peers is also encouraged. Parents can find more information about parent-child reading on the LCSD webpage. For storytelling and parent-child reading skills/strategies, so as to nurture children's reading interest and habits.

The school has already started the procurement process and will notify parents when there are more updated information. Thank you!
